

Degrasol Koncentrat

Fire protection > Degreasers - dispersants

GENERAL INFORMATION

Concentrate for preparing aqueous solutions for degreasing and removing petroleum-based contaminants from concrete and asphalt surfaces.

PROPERTIES

DEGRASOL KONCENTRAT is a concentrate that, thanks to its carefully selected composition, thoroughly penetrates surfaces, removing hydrophobic contamination. The ingredients used have excellent degreasing properties, making it suitable for removing oil stains. The product has low-foaming properties, free from aggressive organic solvents and environmentally hazardous substances, and is easily biodegradable.

APPLICATION

Dilute with tap water, depending on the level of surface contamination, from 1:25 to 1:50.

Effectively removes petroleum-based contaminations from asphalt and concrete surfaces, road surfaces around diesel fuel tanks, floors, and machinery in the event of hydraulic system failures. Designed for use in automotive repair shops, mineral oil stores, industry, service stations, parking lots and underground garages, transportation, production plants, construction sites, gas stations, fire brigades, technical rescue services, road maintenance, etc.
