

Degratex FB1

Fire protection › Laundry detergents

GENERAL INFORMATION

Special clothing washing liquid

PROPERTIES

Degratex FB1 is a proven and professional liquid for washing special clothing wet in a washing machine at a washing temperature of 30°C to 50°C.

Depending on the type and degree of dirt, Degratex FB1 can be used for pre-cleaning as well as for washing at the above temperature.

The agent removes heavy dirt such as soot, mud, sweat, and also neutralizes unpleasant odors. It works even in hard water, does not damage textiles, and does not change colors, does not negatively affect reflectors.

APPLICATION

Degratex FB1 is intended for washing in domestic and industrial washing machines.

Use the following doses depending on the level of dirt. Amounts for a washing machine with a load of approx. 10 kg (in the case of smaller/larger washing machines, the amount of the agent should be proportionally reduced/increased):

- light dirt: 40 ÷ 60 ml
- heavy dirt: 60 ÷ 80 ml

The washing temperature should depend on the level of dirt:

- light dirt: 30°C

- medium dirt: 40°C

- heavy dirt: 50°C
